

Beacon of Certainty Retreat

Crestone Colorado

14-21 April 2018

Within a picturesque environment, Buddhist teacher Venerable Khenpo Lopzang Tenzin will provide daily teachings on the text "Beacon of Certainty" by Mipham Rinpoche. Mipham Rinpoche was a master and famous scholar in the Nyingma tradition of Tibetan Buddhism in the 19th century.

In the text, Mipham Rinpoche presents the idea that conventional reality is dependant on the mind set of sentient beings, that is, we see reality the way we want to see it! In the style of an imagined debate between a master and a troublemaker student, Mipham portrays the importance of using one's mind in a very sophisticated way to be able to distinguish between conventional and ultimate reality; and equally to recognise the point of union of the two realities.

Khenpo Lopzang Tenzin is the Retreat Master at Vajra Vidya Retreat Centre in Colorado where he leads the traditional Karma Kagyu 3 year retreats. Khenpo La is renowned as an exceptional scholar and communicator.
